Attempt ALL questions.

You must NOT use a calculator.

To earn full marks you must show your working in your answers.

State the units for your answer where appropriate.

Write your answers clearly in the spaces provided in this booklet. Additional space for answers is provided at the end of this booklet. If you use this space you must clearly identify the question number you are attempting.

Use **blue** or **black** ink.

Before leaving the examination room you must give this booklet to the Invigilator; if you do not, you may lose all the marks for this paper.

#### FORMULAE LIST

Circumference of a circle	$C = \pi d$
---------------------------	-------------

 $A = \pi r^2$ Area of a circle

Theorem of Pythagoras

 $V = \pi r^2 h$ 

V = Ah

Volume of a cylinder

Volume of a prism

Volume of a cone

$$V = \frac{1}{3}\pi r^2 h$$

Volume of a sphere

 $V = \frac{4}{3}\pi r^3$ 

Standard deviation

$$s = \sqrt{\frac{\Sigma(x - \overline{x})^2}{n - 1}}$$
  
or  $s = \sqrt{\frac{\Sigma x^2 - \frac{(\Sigma x)^2}{n}}{n - 1}}$ , where *n* is the sample size.

*n* – 1

 $a^2 + b^2 = c^2$ 

## Total marks — 35 Attempt ALL questions

 Josh earns £9 per hour and works 30 hours a week. His weekly outgoings are £220 a week. Josh saves all his remaining money. He books a holiday costing £566. He will take £800 spending money with him. Calculate the minimum number of weeks it will take him to save the total amount.

A design for a skatepark ramp is shown.
 The height of the ramp is 70 cm.

To be suitable the ramp must have a gradient of  $0.35 \pm 0.01$ . Determine whether the ramp is suitable. Use your working to justify your answer.

10. John owns a bike shop and has a team of mechanics who build each new bicycle. The table lists the tasks that need to be completed and the time required for each task.

Task	Detail	Preceding task	Time (minutes)
A attach bicycle to bicycle clamp stand		F	1
В	grease pedals	А	1
С	attach wheels	А	7
D	put bike on display	G, H, I, J	2
E	grease saddle post	F	1
F	remove bicycle frame and parts from box	none	2
G	insert saddle post into frame and tighten	E	1
Н	install headset	А	5
1	inflate the tyres	С	4
J	attach pedals	В	3

(a) Complete the diagram below by writing these tasks and times in the boxes.(An additional diagram, if required, can be found on *page 17*.)

**13.** Senior students are preparing to sell scented candles at the school fair.

Before ordering the candles, they carried out a survey to find out which scent people preferred.

The results of the survey are shown below.

Preferred scent of candle	Linen	Vanilla	Rose	Cinnamon
Percentage of people	50%	35%	10%	5%

The students sell 180 candles in total.

They sold 65 vanilla scented candles.

Determine if this is more or less than expected.
